

CPT II Codes

Measure Name	Code	Definitions
		Advance care plan or similar legal document
Advance Care Planning	1157F	present in the medical record
		Advance Care Planning discussed and documented
		advance care plan or surrogate decision maker
Advance Care Planning	1123F	documented in the medical record
		Advance Care Planning discussed and documented
		in the medical record, patient did not wish or was
		not able to name a surrogate decision maker or
Advance Care Planning	1124F	provide an advance care plan
		Advance care planning discussion documented in
Advance Care Planning	1158F	the medical record
Controlling Blood Pressure -		
Diastolic 80-89	3079F	Most recent diastolic blood pressure 80-89 mm Hg
Controlling Blood Pressure -		
Diastolic Greater Than or Equal		Most recent diastolic blood pressure greater than
to 90	3080F	or equal to 90 mm Hg
Controlling Blood Pressure -		Most recent diastolic blood pressure less than 80
Diastolic Less Than 80	3078F	mm Hg
Controlling Blood Pressure -		
Systolic Greater Than or Equal		Most recent systolic blood pressure greater than or
to 140	3077F	equal to 140 mm Hg
Controlling Blood Pressure -		Most recent systolic blood pressure 130-139 mm
Systolic 130-139	3075F	Hg
Controlling Blood Pressure -		Most recent systolic blood pressure less than 130
Systolic Less than 140	3074F	mm Hg
Care of Older Adults -		
Functional Status Assessment	1170F	Functional status assessed
Care of Older Adults -		
Medication List	1159F	Medication list documented in medical record
		Review of all medications by a prescribing
		practitioner or clinical pharmacist (such as,
Care of Older Adults -		prescriptions, OTCs, herbal therapies and
Medication Review	1160F	supplements) documented in the medical record
Care of Older Adults - Pain		
Assessment	1126F	Pain severity quantified; no pain present
Care of Older Adults - Pain		
Assessment	1125F	Pain severity quantified; pain present

Negative In Prior Year Standard field stereoscopic retinal photos with interpretation by an ophthalmologist or optometrist documented and reviewed; with evidence of Retinopathy Standard field stereoscopic retinal photos with interpretation by an ophthalmologist or optometrist documented and reviewed; with evidence of retinopathy Dilabetes Eye Exam With	Diabetic Retinal Screening		Low risk for retinopathy (no evidence of
Diabetes Eye Exam With Evidence of Retinopathy Diabetes Eye Exam Without Evidence of Retinopathy Diabete retinal eye exam with interpretation by an ophthalmologist or optometrist documented and reviewed; without evidence of retinopathy Eye imaging validated to match diagnosis from 7 standard field stereoscopic retinal photos results documented and reviewed; without evidence of retinopathy Eye imaging validated to match diagnosis from 7 standard field stereoscopic retinal photos results documented and reviewed; without evidence of retinopathy Most recent hemoglobin A1c (HbA1c) level greater than 9.0 % Most recent hemoglobin A1c (HbA1c) level greater than or equal to 7.0% and less than 8.0% Most recent hemoglobin A1c (HbA1c) level greater than or equal to 8.0% and less than or equal to 6.0% and 1.0% of the province of the province of the province of the prov		3072F	
interpretation by an ophthalmologist or optometrist documented and reviewed; with evidence of Retinopathy Diabetes Eye Exam Without Evidence of Retinopathy Eye imaging validated to match diagnosis from 7 standard field stereoscopic retinal photos results documented and reviewed; without evidence of retinopathy Eye imaging validated to match diagnosis from 7 standard field stereoscopic retinal photos results documented and reviewed; without evidence of retinopathy Most recent hemoglobin A1c (HbA1c) level greater than 9.0% HbA1c Level Greater Than or Equal To 7.0 and Less Than 8.0 Most recent hemoglobin A1c (HbA1c) level greater than or equal to 8.0% and less than 8.0% Most recent hemoglobin A1c (HbA1c) level greater than or equal to 8.0% and less than or equal to 9.0% Most recent hemoglobin A1c (HbA1c) level greater than or equal to 8.0% and less than		007 =:
